- Plan and optimize routes and stop schedules with Operations to maximize sales, coverage, and community impact.
- Maintain vehicle cleanliness and sanitation; coordinate routine maintenance, fueling, and liaise with fleet/maintenance teams for repairs.
- Enforce food safety and regulatory compliance (local health codes, hazard control, temperature monitoring).
- Monitor sales performance, control costs, and implement merchandising and pricing strategies to meet revenue and margin targets.
- Maintain accurate records: daily sales, cash reconciliation, inventory counts, incident reports, and required compliance logs.
- Build relationships with local community organizations, clients, and partner agencies; represent the company at community events and promotions.
- Respond to customer feedback and resolve complaints promptly and professionally.
- Assist with outreach, marketing initiatives, and community needs assessments to adapt offerings.
